Classroom Discussion Questions

This year instead of giving you a summary of our week, we will provide you with discussion questions in order to prompt a conversation with your child.

Math	Social Studies	Science	ELA
<p>We will continue to focus on building mastery of multiplication strategies and move deeper into long division next week. With this, please ask your child to EXPLAIN to you how to solve: 639 x 82 (better yet if they can explain more than 1 strategy!).</p> <p>Towards the end of next week, students will have an assessment on multi-digit multiplication and division strategies.</p>	<p>What are the values and principles of a democratic republic?</p> <p>Exemplify ways in which the rights, responsibilities and privileges of citizens are protected under the United States Constitution.</p> <p>What do the words Preamble to the Constitution mean?</p> <p>What is the purpose of the Preamble?</p> <p><i>Looking forward...</i> > Separation of Powers > Checks and Balances</p>	<p>What is a biome?</p> <p>What kind of temperatures can we expect near the equator?</p> <p>What happens to the average temperature as we move away from the equator and move towards the poles?</p> <p>How is climate different than weather?</p> <p>What is permafrost?</p> <p>What are some adaptations of the fauna in the tundra?</p>	<p>Tell me about your ending? How did you include your big idea of your story?</p> <p>Tell me what are some of the books that you want to read this year? What are some of your reading goals?</p>
